RE: Do not replace K-LOVE with LPFM

Dear Sirs:

My family is very pleased with the service that K-LOVE offers to this area of Colorado. It is a wonderful station and it is truly a blessing. Under no circumstances would this family and many others in this area want to see K-LOVE displaced by an LPFM broadcaster. K-LOVE's programming makes it a great, Christian station, and we truly enjoy listening to it. This station needs to stay on the air as it offers a great alternative to negative, unchristian programming from other stations. It is inspiring, uplifting, and will give a joyful boost to anyone listening. Please, PLEASE, leave it on the air. We need it... and so does everyone!

Thank you for considering this.

Sincerely,

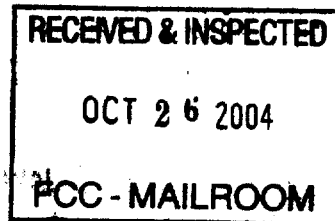

Jim & Carol Renfrow Family

Dear FCC:

October 17, 2004

I want to comment on the FCC's consideration of LPFM's as they relate to K-Love's 94.3 FM radio station in Elgin, IL. My husband and I have been listening to K-Love for years. We find their broadcasts to be positive and encouraging. I want to make 3 comments in regards to your consideration of 94.3 FM:

1. As a resident of the Chicago-land area, K-Love serves me through positive and encouraging music and words. They are a daily part of lifting me higher, so I may in turn reach out to others and help them. K-Love keeps my mind on the right values in life, those values our country was founded on. K-Love makes me a better citizen through reminding me to help those in need.
2. The effect on our community if K-Love were replaced by an LPFM would be devastating. K-Love has 5 pastors on staff, who are available to pray with you and for you. They receive about 15,000 prayer requests a month. In 2003 they were able to intervene in 20,000 suicides, when those thinking suicide called K-Love. If K-Love were not in our area, lives would be lost, instead of improved. K-Love has a tremendously positive impact on our community.
3. I believe the service K-Love provides is in the public interest because of its positive and encouraging music and words. They intervene in suicides. They provide updating of public events that are upcoming in our area. K-Love is a constant source of helping people to live better lives, and in turn to help others. My husband travels and finds K-Love stations not matter where he travels. It lifts his day even though he may be far from home.

I truly believe that we need more K-Love stations, not less. K-Love is one of a few forces in our society that is positive and encouraging.

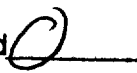

Sincerely,

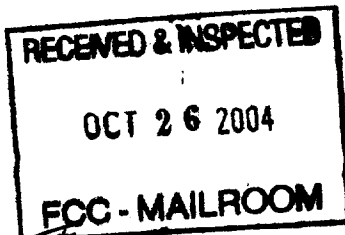

Susan D. Ford

TO: Federal Communications Commission.

I am writing you as a very concerned citizen in regards to (LPFM) Low Power FM. There is NO need to introduce or implement this broadcast service. I am for keeping K-LOVE on our FM station & if you approve LPFM will lose the gift & blessing of God's Word & Music & Praise.

Our community treasures having K-Love & I play it on our intercom radio at my business office & outside our car-lot & repair bays. If God decides to use any song, scripture, etc that K-LOVE is playing to save a soul that hears it on our radio @ our business — it is more valuable than 100 LPFM stations that will replace K-LOVE.

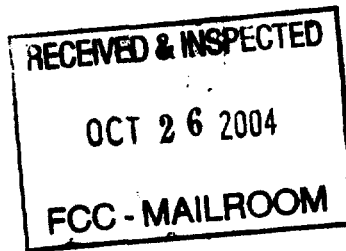

Please DO NOT ALLOW LPFM.!

Thank You.

RE: LPFM Service Expansion

Dear Federal Communications Commission:

I understand the FCC is considering expanding Low Power FM (LPFM) which may impact current FM translator broadcast service and programming. My family and I are avid listeners of K-LOVE programming broadcast in the Sioux City, Iowa area on stations broadcasting at 107.5, 88.9 and 88.1FM.

The K-LOVE broadcasts do an excellent job of servicing residents of our community. We believe there would be a negative impact on quality, family programming were K-LOVE be displaced by a LPFM broadcaster providing different programming.

It is so difficult to find family orientated media entertainment with a wholesome message for adult, adolescents and children. We believe the K-LOVE message better serves the Pylelo family and the general public interest than the LPFM alternative. We deeply desire the alternative K-LOVE message to remain available.

Sincerely,

John P. Pylelo

I am writing in support of the regional radio service, K-LOVE. I have been listening to this radio station for several years in my local area, and also in other locations when I have traveled through the state of California.

K-LOVE has been a source of encouragement to me in the area of my faith. It has educated me to be a better citizen and to recognize my responsibility to vote and to contribute to my community through volunteer service.

K-LOVE is of benefit to the local community because it teaches strong moral and family values. In a day when parents are not always providing this instruction to their children and the schools are too overburdened with required curricula to teach these values, K-LOVE is invaluable in providing ^{for} this very important need.

If K-LOVE were to be superceded by a new LPFM station, those who rely on it for religious instruction (especially shut-ins) and personal encouragement, and those who benefit from the positive environment its music provides, would be unable to find these things with ease and consistency, and without cost. Every community not only benefits from, but needs, a source of teaching of strong morals and family values. Please, I encourage

you, support the maintaining of stations
like K-LOVE to ensure that these critical
benefits are not lost to the local communities.

Thank you for your attention and for, I hope,
your support.

Sincerely,

Susan M. Henderson

With reference to the K-LOVE Christian Radio Network, may I state the following:

That K-Love provides quality music that is pleasant to listen to. The music is clean, appropriate for all ages of the family, interesting and well performed and produced. Technically the music is superior to most commercial music available today. In short a superior product suitable for all ages.

K-LOVE is a positive influence on our community. A large number of our youth choose to listen to K-LOVE. It is considered a source of GOOD MUSIC. The music never advocates crime, violence, drug use or suicide. The music reinforces community, friendship, love, strength through adversity and the practical advantages of developing good character. Removal of K-LOVE would remove this positive influence on our community. Our children would be deprived of a resource of positive development.

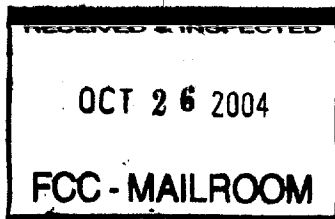

Sustaining K-Love in our community provides quality music that contains positive messages. This is a healthy thing for us. It helps bring us peace and happiness. I believe I speak for a large number of people when I say K-Love is an asset to our community that is enjoyable by all, and harms no one.

Thank you,

To whom it may concern:
K-Love radio station (93.3)
in my area is very positive
& encouraging to all ages.
No matter how you are
feeling when you listen
to K-Love (listener supported)
it lifts you up; it makes
you feel good about your-
self and in this awful
world we live in now
a-days we all need to
feel loved and that
some one cares.

Dear FCC,

I am writing in regards to the possible switch to LPFM you are considering in the near future in my area.

My concern is that the FM radio station I listen to (K-Love) will be lost if this change takes place, and that would be very harsh because K-Love is one of, maybe 2-3 Christian stations available in this area. Not only that, but K-Love is ^{the} best Christian listen, period. It's distinctively set apart because of its quality of program/music.

If K-Love were to be displaced by LPFM our community would be the poorer for it. K-Love is friendly-family orientated, and losing it would have a negative impact on this community. If K-Love is lost, thousands of people in this area will lose a vital service that is much needed in today's world - positive and uplifting material, not just sometimes - all the time - 24/7. Peoples lives

(like mine) are helped, enriched, comforted, healed, inspired and motivated to do good deeds, and to be better people. K-Love helps our community by its very /every broadcast. K-Love makes our community a safer, happier place. Please don't implement LPFM if it means losing this vital broadcast station in my area.

K Love is heard 88.3

102.7

99.3 in my area.

Keeping K Love alive in my area (and others) = keeping America alive, one person at a time, one day at a time.

Thank you.

J. Ismer

Gentlemen:

Please do not take the K-L O V E FM station off the air.
I listen all the time to it and serves me and my community
with its programming.

It would be a very bad lost to this area. We have other
radio stations but they don't fill the need of K_LOVE.

K-LOVE supports wholesome values and has a positive impact
on this area and communities across America.

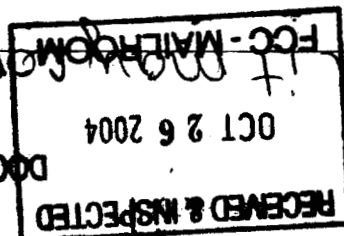

I pray that you will keep K-LOVE Radio on the air.

Thank you,

I am writing in regard to K-LOVE
radio station. This radio station
reaches christians all over the

country every day. It is an inspiration
station with songs of hope & victory.
It reaches people who are hurting, lost
or hungry for God. If you choose to
take it to WPM it could affect
many christians who may not
hear it any more. My 10 yr. old
daughter listens to it as well. I
listen to it at home & in my
car. I pray that the Holy Spirit will
move you to rethink the decision.
Hinder not what the Holy Spirit
does. God bless.

I have been informed that -K- Love
might be taken off the radio. I
truly hope this doesn't happen. I listen
to K-Love because it provides music I
can listen to and not worry about what
words I might hear. It would be a
real shame for -K- Love to be replaced
when so many people in the community
must feel as I do since it is kept
on the air by the contributions we
make. This station might be the
only way some people hear
Christian Music. K-Love supports
wholesome values for all. I
am praying it is not replaced.

Sincerely,
Honey Engel (Supporter of -K- Love)
